rejected in their day by painters critics and collectors the visions of vincent van gogh now rank among the most beloved and influential works in the history of western art the artist sold only a single painting in his lifetime despite an abundant oeuvre of more than 2 000 artworks today his paintings fetch tens of millions at auction and visitors from around the world flock to amsterdam s van gogh museum the artist s life of grinding poverty his severe mental illness and the derision of his contemporaries combined to form a romantic ideal of the tortured artist twenty three years after van gogh s suicide in the wake of his

slowly growing fame the painter's sister published this memoir an intimate view of the artist's life art and philosophy the book is illustrated with reproductions of several of van gogh's most characteristic works including portraits and landscapes

van gogh's brother theo was his confidant and companion and in his letters to him van gogh reveals himself as artist and man even more than if he had purposely intended to tell his life story van gogh's letters lay bare his deepest feelings as well as his everyday concerns and his views of the world of art

vincent van gogh continues to fascinate more than a century after his death in 1890 yet how much of what is commonly known about this world renowned artist is accurate though he left thousands of works and a trove of letters the definitive van gogh remains elusive was he a madman who painted his greatest pieces in a passionate fury or a lifelong student of art literature and science who carefully planned each composition was he a loner dedicated only to his craft or an active collaborator with his contemporaries why is he best known for self mutilation and the starry night this book has biographers scriptwriters lyricists actors museum curators and tour guides among others presenting diverse interpretations of his life and work creating a mythic persona that may in fact help us in the search for the real van gogh

the best known and most sensational event in vincent van gogh's life is also the least understood for more than a century biographers and historians seeking definitive facts about what happened on a december night in arles have unearthed more questions than answers why would an artist at the height of his powers commit such a brutal act who was the mysterious rachel to whom he presented his macabre gift did he use a razor or a knife was it just a segment or did van gogh really lop off his entire ear in van gogh's ear bernadette murphy reveals for the first time the true story of this long misunderstood incident sweeping away decades of myth and giving us a glimpse of a troubled but brilliant artist at his breaking point murphy's detective work takes her from europe to the united states and back from the holdings of major museums to the moldering contents of forgotten archives she braids together her own thrilling journey of discovery with a narrative of van gogh's life in arles the sleepy provençal town where he created his finest work and vividly reconstructs the world in which he moved the madams and prostitutes café patrons and police inspectors shepherds and bohemian artists we encounter van gogh's brother and benefactor theo his guest and fellow painter paul gauguin and many local subjects of van gogh's paintings some of whom murphy identifies for the first time strikingly murphy uncovers previously unknown information about rachel and uses it to propose a bold new hypothesis about what was occurring in van gogh's heart and mind as he made a mysterious delivery to her doorstep as it reopens one of art history's most famous cold cases van gogh's ear becomes a fascinating work of detection it is also a study of a painter creating his most iconic and revolutionary work pushing himself ever closer to greatness even as he edged toward madness and one fateful sweep of the blade

vincent van gogh s life and work are so intertwined that it is hardly possible to observe one without thinking of the other van gogh has indeed become the incarnation of the suffering misunderstood martyr of modern art the emblem of the artist as an outsider an article published in 1890 gave details about van gogh s illness the author of the article saw the painter as a terrible and demented genius often sublime sometimes grotesque always at the brink of the pathological very little is known about vincent s childhood at the age of eleven he had to leave the human nest as he called it himself for various boarding schools the first portrait shows us van gogh as an earnest nineteen year old at that time he had already been at work for three years in the hague and later in london in the gallery goupil co in 1874 his love for ursula loyer ended in disaster and a year later he was transferred to paris against his will after a particularly heated argument during christmas holidays in 1881 his father a pastor ordered vincent to leave with this final break he abandoned his family name and signed his canvases simply vincent he left for paris and never returned to holland in paris he came to know paul gauguin whose paintings he greatly admired the self portrait was the main subject of vincent s work from 1886c88 in february 1888 vincent left paris for arles and tried to persuade gauguin to join him the months of waiting for gauguin were the most productive time in van gogh s life he wanted to show his friend as many pictures as possible and decorate the yellow house but gauguin did not share his views on art and finally returned to paris on 7 january 1889 fourteen days after his famous self mutilation vincent left the hospital where he was convalescing although he hoped to recover from and to forget his madness but he actually came back twice more in the same year during his last stay in hospital vincent painted landscapes in which he recreated the world of his childhood it is said that vincent van gogh shot himself in the side in a field but decided to return to the inn and went to bed the landlord informed dr gachet and his brother theo who described the last moments of his life which ended on 29 july 1890 i wanted to die while i was sitting next to him promising that we would try to heal him he answered la tristesse durera toujours the sadness will last forever

this paradox the sadness and health of the country reflects van gogh s own situation nature always was a kind of home for him a home that he could never share with anyone else in saint rémy van gogh had worked on a picture named *the reaper* for i see in this reaper the image of death in the sense that humanity might be the wheat he is reaping so

he is if you like the antithesis of that sower i tried to do before but there s nothing sad in this death it goes its way in broad daylight with the sun flooding everything with a light of pure gold a few weeks before his suicide van gogh had written to theo even if i have not succeeded all the same i think that what i have worked at will be carried on not directly but one isn t alone in believing in things that are true and what does it matter personally then i feel so strongly that it is the same with people as it is with wheat if you are not sown in the earth to germinate there what does it matter in the end you are ground between the millstones to become bread the difference between happiness and unhappiness both are necessary and useful as well as death or disappearance it is so relative and life is the same

i believe in the absolute necessity of a new art of colour of drawing and of the artistic life vincent van gogh wrote to his brother theo in 1888 and if we work in that faith it seems to me that there s a chance that our hopes won t be in vain his prediction would come true in his brief and explosively creative life he committed suicide a few years later at the age of thirty seven van gogh made us see the world in a new way his shining landscapes of provence and somber portraits of workers shattered the relationship between light and dark and his hallucinatory visions were so bright they nearly blinded the world he was a great writer as well in his six hundred plus letters to theo he chronicled with heartbreaking urgency his mental breakdowns acrimonious family relations and struggles with art dealers who largely ignored him until the last years of his life shading this dark story is the artist s acquaintance with prostitutes and penury stormy scenes with his friend paul gauguin and dissipated parisian nights with henri de toulouse lautrec julian bell s passion for his subject brings the painter to life bell writes with slashing intensity at once scholarly and defiantly partisan i have written this book out of my love for vincent van gogh the uniquely exciting painter and vincent van gogh the letter writer of heart piercing eloquence he declares for bell van gogh was an artistic genius and more he was a wonder of the world
